

ADN PRIORITY PETITION PROCESS

STEP 1: Admission Procedures for the Northwood Tech Pre-ADN Program

Previously admitted Pre-ADN students who have not attended classes for three calendar years need to reapply to make their Pre-ADN program active again and are subject to any new program requirements/standards for admission and for the petition process.

STEP 1: Apply for Pre-ADN

The following steps are required to apply to the nursing program.

Applicants must choose one campus and have 120 days to complete the application process. After 120 days of no activity, your application will be made inactive.

Select which Northwood Tech campus you will attend the nursing program: Ashland, New Richmond, Rice Lake, or Superior

1. Complete the online Northwood Tech Application for Admission.
 - Review and sign Background Check Disclosure. This will be a part of your student record.
2. Contact Student Services to schedule your Pre-ADN program required admissions meeting and Accuplacer Next Gen assessment, if needed.
 - Achieve the *Accuplacer Next Gen* entrance assessment scores for the pre-ADN program of 237 on each test or provide documentation of a prior assessment that meets this standard.
 - ACT scores of 17 in English, 18 in Reading, and 17 in Math (An associate degree or higher is also acceptable in lieu of *Accuplacer Next Gen*.)
3. Complete your admissions meeting appointment and educational goal discussion with the Northwood Tech Counselor.

The student will be admitted to Pre-ADN with completion of Step 1 and may apply for Financial Aid.
