

UNIQUE IN STATE

If you enjoy working outdoors, like using heavy equipment and want to earn high wages, UCT is the program for you! Be part of the nationwide drive to provide 5G broadband service to homes and businesses. Northwood Tech's UCT program is one of only five colleges in the country affiliated with the Power Communications Contractors Association (PCCA).

ONE-YEAR PROGRAM

- Technical Diploma
- 27 Credits
- Financial Aid-Eligible
- Rice Lake Campus
- Project-based Learning
- Complete CDL-A licensure

Learn how to run cable overhead and underground using heavy equipment like horizontal directional drills, mini-excavators, vibrational plows, and bucket trucks.

Learn pole climbing techniques in our 10 acre outside lab area. Additionally, take the required truck driving courses that prepares you for the CDLA license.

"This tremendous demand for skilled workers in our industry is why PCCA

partnered with Northwood Tech to develop a utility construction curriculum. Our members need these skilled workers and so does our nation, as a skilled, trained, and educated technology workforce is vital to the nations' economic future and continued leadership in global innovations."

Tim Wagner

President and Chief Executive Officer
Power & Communication Contractors Association
