- 12:00 p.m. Wrap up and Evaluations

Program Learning Objectives

8:10 a.m. - 9 a.m.

Proper Documentation for Medicare's Annual Wellness Visits

Tony Evans, RHIA, Professional Coding Manager, Aspirus St. Luke's Hospital

Objectives:

- Understand what is needed to properly code for an Annual Wellness Visit (AWV).
- Understand an MA's role in obtaining the necessary information for an Annual Wellness Visit.
- Understand how to depart the patient with the proper documents.

9:10 a.m. - 10 a.m.

Trauma-Informed Healthcare

Brittany Hamm, DNP, APRN, CNP, FNP-BC, PMHNP-BC, Nurse Practitioner, Lake Superior Community Health Center

Objectives:

- Learn about trauma-informed care and its principles.
- Discuss the potential impacts of applying trauma-informed care.
- Discuss how to apply trauma-informed care approaches in healthcare and with specific populations.

10:10 a.m. - 11 a.m.

Medication Assisted Treatment (MAT) in the Primary Care Clinic

Emily Anderson, MD, Medical Director, Lake Superior Community Health Center

Objectives:

- Understand the definition and purpose of MAT.
- Have a general knowledge of medications and treatments used for the management of alcohol use disorder, opioid use disorder and stimulant use disorders in the primary care setting.
- Understand the role of the Medical Assistant and other clinic staff in providing MAT in a team-based setting.

11:10 a.m. - 12 p.m.

Give It Your Best Shot

Ilana Yokel, CMA (AAMA), Clinical Assistant, Essentia Health Pediatrics

Objectives:

- Understand proper placement and techniques when giving pediatric injections.
- Recognize how to manage the environment to promote success and safety and minimize pain and fear.
- To be able to practice and promote techniques that minimize trauma and enhance coping skills for both patients and practitioners.
